

# Faith Johnson

Faith is an internationally represented full-time model, born and raised in Nigeria. She was originally scouted in Lagos in church at the age of 17 - she had aimed to go to the local University but as she was providing for her family it became difficult to balance so she decided to start modelling full time. For a period of time Faith was also working as an assistant teacher to provide support to family before making a change to give modelling her all!

Once she began modelling, Faith spent 6 months developing as a model before working as a professional model in Nigeria. In 2018 Faith travelled to Cape Town, and so began the rest of her career! Since then she has worked with brands such as Dior, American Swiss and many other amazing clients.

Outside of modelling Faith enjoys working out and spending quality time with friends and family. Faith plans to get her yoga and pilates certifications so she can also work as a fitness instructor. Fitness is her passion and she loves to connect with people and help them live a healthier lifestyle.
