Tara is a queer, first-generation Indian-American actress and writer, who is best known for her recurring role in the Hulu drama series *Grown-ish* and has now also captured the fashion industry's attention by opening the Burberry SS24 show in London. Not only is this a brilliant start into the modelling world but she is also the first Indian model to open a show of the English heritage brand.

With a Social Media following of over 500k across TikTok and Instagram, Tara uses her platform as an advocate for the LGBT+ and POC communities, something she is very proud of. She splits her time between NYC and LA but after this triumphant launch into the fashion business, will most certainly be living out of a suitcase more than not.
